

Indiana Children's Wish Fund is a special organization to many children and families in Indiana. The organization, which is celebrating 21 years of wish granting, grants wishes to children who suffer from a life-threatening illness. Wish requests vary from trips to Disney World for the whole family, meeting celebrities, home computers and shopping sprees.

Granting a wish creates many wonderful memories, builds hope and strength, creates laughter and normalcy for children who must grow up quickly.

Indiana Children's Wish Fund has granted nearly 1,600 wishes to children in Indiana referred by hospitals, social workers, doctors, nurses and family members. Funding is made possible through the support of corporate donations, individuals, and fundraising.
